VETERAN-OWNED
CERTIFIED**

Certified through SBA's Veteran Small Business Certification (VetCert) program.

CAPABILITY STATEMENT

Clear findings. Practical next steps.

STAG helps commercial organizations, government teams, and prime contractors turn complex utility, sustainability, facilities, project and vendor decisions into practical priorities, clear ownership and an implementation roadmap.

CORE CAPABILITIES

Energy & utility strategy

Baselines and benchmarking; bill, rate, and contract review; utility options and improvement priorities.

Sustainability program development

Charter and governance; baselines and roadmap; working manual and progress reviews.

Capital projects & owner support

Requirements, milestones and budget; risk, decision and change reviews; owner-side team coordination.

Facilities & asset strategy

Asset information, lifecycle and renewal roadmap; sensor, data and handover requirements.

Procurement & vendor performance

RFP scope and evaluation; proposal comparisons; vendor transition and performance reviews.

SELECTED STAG PROJECT EXAMPLES

Approx. 200,000

gal/year of unnecessary use

Identified unnecessary annual water use from a fountain bypass valve. Figure reflects identified use, not verified savings.

Utility capacity review

Reviewed actual building capacity and utility loading assumptions to support Dominion Energy negotiations in Virginia.

Historical C4A audit

Energy audit supporting a Virginia rider exemption using existing efficiency projects. Current tariff terms need separate review.

Founder career experience

Ben Anderson, CEM, brings career experience at Navy Federal in occupied modernization, vendor coordination, sustainability working group and charter development, and lifecycle data planning. His Navy experience includes budget and resource reviews. He is a retired Navy officer and Marine Corps veteran.
